## NATIONS DISAGREE OVER SOVIET POLICY; FRANCE AGAINST REDS

War Clouds Loom as France Announces Intention To Withdraw From English Plan and Support Wrangel.

### WAVE OF ALARM SWEEPS GREAT BRITAIN

France Now Hostile To Soviet Government At Moscow and Will Aid Defacto Government By Force Of Arms.

London, Aug. 12.—War clouds again loomed ominously on the horizon today. A cabinet council was summoned to consider the decision of France to sever all relations with the Soviet government of Russia and to throw French support to the de facto government established by General Wrangel, the anti-bolshevik leader, in southern Russia.

A wave of alarm has swept Great Britain as a result of the unexpected decision of France in breaking away from Premier Lloyd George's policy of conciliation.

The British labor council which is vigorously opposing any and all war measures against Soviet Russia, was hastily called to consider action in view of the new French attitude.

Premier Lloyd George, who has been making tremendous efforts to restore peace in the east and pre-

## MEN "HIGHER UP" SOUGHT IN PONZI INVESTIGATION

Financial Powers Believed To Be Behind Italian's Game

### PONZI MERELY AGENT

Gigantic International Enterprise Aim Of Financiers.

Boston, Aug. 12.—Charles Ponzi, "mystery financier" was arrested at the federal building this afternoon.

Ponzi, accompanied by his counsel, Daniel H. Coakley, and U. S. Attorney Gallagher, went to the office of U. S. Marshal Patrick B. Duane and surrendered.

The complaint charged using the mails in a scheme to defraud, it was stated. Mr. Ponzi was notified that he would have to furnish bail of \$25,000.

Ponzi surrendered to the federal authorities when Attorney General Allen was about to ask the municipal court for a warrant for Ponzi's arrest.

Boston, Aug. 12.—A searching investigation extending into every quarter of the world, was being made today into the affairs of Charles Ponzi "little Napoleon of finance" and an international group of financiers.

Officials declare these financiers are involved in launching what they term "the most gigantic enterprise of the age" and into which "the common people were to be let in on the ground floor."

Informants that the Ponzi affair is Italian and his 0 per cent in 45 days project was only an advertising campaign in a plan to establish a chain of banks, a vast export business, steamship lines to the chief ports in the world and to absorb various industrial enterprises, official investigators were bending every energy to lift the veil of mystery surrounding the promoters, the underlying object of the undertaking, the real source of their financial backing and to determine whether the scheme can stand the legal acid test.

With Ponzi's secret money making scheme in international reply coupons halted with the bank in which he deposited his funds closed by state order and with bankruptcy proceedings facing him the investigation centered upon the "men higher up."

Absolutely calm but with his usual snap and pep and famous smile fading, Ponzi expressed the fear that he would be arrested on some technical violation of the law and be deported by the same method. Ponzi's attorneys were concerned that they be notified if any person applies for Ponzi's arrest. They said they would apply in federal court for a petition for a receiver for Ponzi's Securities company.

vent a new war from sweeping Europe was plainly anxious. It was announced at the premier's official residence at No. 10 Downing street, just before noon that no French note relative to France's new Russian policy had yet been received from Paris.

The line up of the powers is described as follows:

Great Britain demands a free and independent Poland, but is willing to make concessions to the Soviet government at Moscow.

France—Hostile to the Soviet government and will support the de facto government of General Wrangel by force of arms.

Italy—Opposed to war or blockade against Russia.

United States—Demands a free and independent Poland and is hostile to recognition of the Soviet government.

Japan—Attitude unknown but has recently effected an armistice with the Russian bolsheviks in Siberia.

Germany—Future German attitude to be dictated by circumstances.

Roumania—Reported to be ready to go to war against Soviet Russia.

Czechoslovakia—Is maintaining an attitude of neutrality but is believed to be averse to giving military assistance to Poland.

Hungary—Has already offered to go to war against Soviet Russia.

The bombshell announcement that France has broken away from the British Russian policy and will give military aid supposedly on a big scale to the anti-bolshevik faction, in southern Russia has overshadowed for the time being, the developments in the Russo-Polish war.

Advices from Warsaw said that the Russo-Polish parley at Minsk had been delayed. In the meantime the Russian army is still moving upon Warsaw and violent fighting is reported to the Polish front.

Owing to the seriousness of the international political situation King George has postponed his contemplated visit to Scotland according to the Pall Mall Gazette.

## CLARK AND DURBIN WILL BE RETAINED IN ORGANIZATIONS

Will Remain At Head Of Their Respective Parties.

Columbus, Aug. 12.—Continuance of the present managements of both the Republican and Democratic state organizations during the campaign is forecast by leaders.

George H. Clark, Canton, chairman of the Republican state advisory committee, who has built up campaign organizations in nearly all counties of the state, probably will be retained at the helm.

While W. W. Durbin, Kenton, Democratic state chairman, opposed nearly all the successful nominees, except A. V. Donahay for governor and W. A. Julian for United States senator, the candidates said they favor retention of Durbin as state chairman because of his knowledge of state politics and for the sake of party harmony.

Returns from the congressional districts assure a substantial majority on the new Republican state central committee friendly to the Clark organization. It was said.

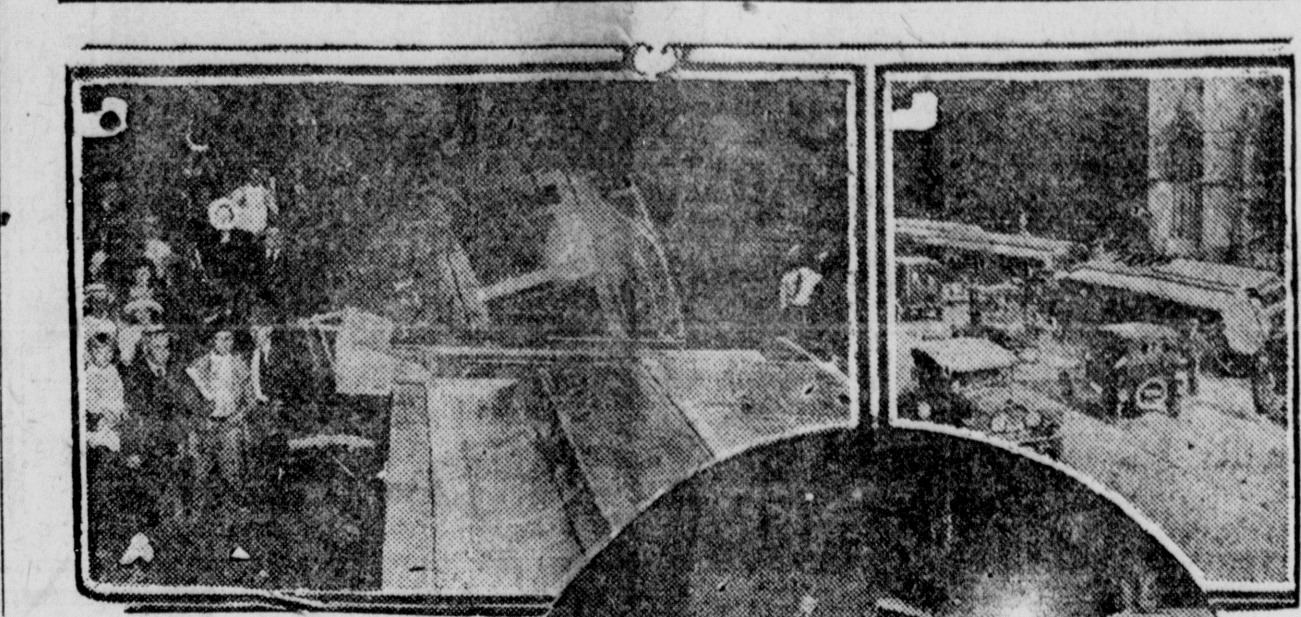

The state central committee is required by law to meet within 15 days after election. This meeting in all probability will be held in Columbus, and the call is expected within a few days.

### TOO MANY RAISINS

Chicago, Aug. 12.—Herman J. Pittekow, who said he was a "raisin contractor" surrendered to the police after fighting with his wife. He had eaten some of his own raisins.

### OVERTURNING STREET CARS IS DIVERSION OF DENVER MOB

How Denver street car strikers wrecked cars.

Overturning street cars which the company attempted to run in spite of them was the favorite diversion of strikers in Denver. Many cars were thus wrecked, resulting in a loss of many thousands of dollars. The photo at the upper left was taken just after two cars had been overturned, and some of the men who accomplished this are shown. At the upper right overturned cars are seen in front of a church. When attacked by organized strikers, the strike breakers on these cars ran into the church, pursued by the angry strikers, bent on violence. Police intervened and saved the unhappy strike breakers. The lower picture shows crowds of sightseers who turned out to see the fun.

## MILLERAND LITTLE CONCERNED; ON TRIP

Paris, Aug. 17.—Despite the critical trend of European affairs Premier Millerand left for a ten days trip through the liberated districts of France. The premier gave no evidence of being disturbed over the sensation caused in Great Britain by France's new Russian policy.

## TENNESSEE WILL BRING SUFFRAGE TO VOTE FRIDAY

Both Houses Of General Assembly To Cast Ballot.

### GRIM BATTLE FOUGHT

Constitutional Authorities Given Hearings Before Committee.

Nashville, Tenn., Aug. 12.—The suffrage amendment to the federal constitution is scheduled to be voted on by both houses of the Tennessee general assembly Friday, according to plans of leaders today in the fight for ratification. Tonight will be featured by a grim battle between eminent constitutional authorities on both sides before a hearing of the joint committees on constitutional amendments of the legislature.

One result of the hearing has been to postpone to some undetermined date the huge mass meeting which suffrage opponents had arranged for tonight at the Riman auditorium.

A display of legal acumen and forensic brilliance seldom equalled in the history of the state house, is expected when the legal luminaries of the suffragists and anti-suffragists begin argument.

It will hark back to the days of Henry Clay and Daniel Webster in the U. S. Senate when constitutional problems occupied the minds of congressmen.

Both sides have already made statements of their speakers. The suffrage cause will be presented by Frank M. Thompson, attorney general of Tennessee upon whose official ruling Gov. Roberts decided to call the extra session; U. S. Senator K. D. McKellar, William Guilford Dudley, James B. Fowler of Knoxville, Tenn., assistant attorney general of the United States under the Taft administration and James T. Gates, former attorney general of Tennessee.

### RELEASED

Chicago, Aug. 12.—Because his goldfish and his poodle dog would starve if he were jailed, Judge McKinley released William Worn on a \$100 peace bond when arraigned for fighting.

## OFFICIAL COUNT OF COUNTY BALLOTS GIVES M'VAY LEAD BY 42 VOTES

## HEAD CRUSHED UNDER WHEEL OF TRACTION ENGINE, MAN DIES

Howard Hill Killed On Farm Near Loveland.

His head crushed beneath a traction engine connected with a threshing outfit, owned and driven by his brother, Howard Hill, aged 23, of Warren county, was killed about 3 o'clock Wednesday afternoon.

The men had been threshing at the farm of George E. Shields near Loveland. They were attempting to couple the wheat separator to the engine, and several men were holding the tongue of the separator to assist in the work. The tongue flew from their hands, and Howard Hill was thrown to the ground directly in the path of a wheel of the engine. Hearing a cry, Harry E. Hill, the engineer, stopped his machine when the wheel was on his brother's head.

The dead young man is a son of Mr. and Mrs. Alva Hill, who live near Loveland. He was unmarried.

## EXPRESS COMPANY WOULD RAISE RATES TO PAY EMPLOYEES

Estimated Increase Over Forty Three Millions In Wages.

Washington, Aug. 12.—Application for permission to file supplementary requests for increased express rates to cover the labor board increased wage award for employees today was filed with the Interstate Commerce Commission by the American Railway Express company.

The company estimated the total increased salaries due to the award to be \$43,800,805. The original estimate of the increase was \$30,000,000.

The company further requested that it be permitted to file application for increased milk and cream rates on the same percentage basis of increases rendered the railroads for carrying these commodities as fast freight.

### GETS MACHINE PUT OUT BILLS

Cleveland, Aug. 12.—James Logan paid a man \$800 for a machine to make \$20 bills. The purveyor showed it in operation grinding out the double sawbucks at a pleasing rate, but when Logan tried it after the seller had departed it failed to operate.

### Standing Of Other Candidates Not Affected.

That John H. McVay defeated Frank A. Jackson for county treasurer by a margin of 42 votes was disclosed by the board of elections when corrections were finally made and a complete total of the count taken Wednesday evening.

Not until all of the poll books had been gone over and the count checked and tallied, was it possible to say definitely which of the candidates had the plurality. Wednesday evening the figures showed that McVay was leading by 102 votes and a re-check and addition of the ballots Thursday morning cut the lead down to 42.

The errors in the poll books were not so great as to affect the standing of other candidates. A rumor that gained credence all day Wednesday was to the effect that the corrected figures, made R. E. Corry just one vote behind R. D. Williamson for county commissioner. This was proven wrong Wednesday evening when the official corrected figures were given out, showing John A. North had a total of 1777, George N. Perrill, 1499, R. D. Williamson 1431 and R. E. Corry 1247, the first three receiving the nomination.

The corrected figures on the county surveyor returns giving W. J. Davis a lead of almost 900 votes over J. Perry Shumaker. The corrected figures were: Davis 2103 and Shumaker 1236. For Representative, M. A. Broadstone won the nomination by about 400 votes, the former Senator polling 1798 votes and Shawhan 1366.

The official count on the state of floors did not alter the standing of the candidates. The corrected figures gave Cole 1539, Davis 1195, McCulloch 537 and Wood 255 for governor. Clarence J. Brown 1875, Hurst 512 and Kimball 553 for Lieutenant Governor. Harvey C. Smith 1288, Hildebrandt 1221 and Harry Clay Smith 689 for secretary of state; Fullerton 1084, Stillwell 867 and Tracy 770 for state auditor, and Archer 1505 and Day 1123 for state treasurer. C. T. Marshall carried the county for chief justice supreme court with 1161 votes with Frank W. Geiger second with 907 votes.

## TRAIN BANDIT TAKEN BY CANADIAN POLICE WITHOUT STRUGGLE

Captured In Abandoned Shack After Sensational Flight

Winnipeg, Aug. 12.—John Bassoff the Winnipeg train bandit, for whom 100 Royal Northwestern mounted police have been searching for a week, was captured early today near Pincher creek, Alberta. Exhausted and hungry from his flight, the bandit made no resistance when the red coated troopers located him in an abandoned shack.

## WITH LESS THAN 200 PRECINCTS LEAD IS SAFE

### BULLITTIN

Columbus, O., Aug. 12.—An eyelash finish with W. A. Julian Cincinnati, and Judge A. F. O'Neil of Akron, world war veteran, running neck and neck is indicated by the latest returns available here. O'Neil is leading Julian by 532 votes with returns tabulated from 5,300 precincts out of 6,000, the totals reported being O'Neil 58,251, Julian 57,719.

Cleveland, O., Aug. 12.—Returns received at headquarters of Harry L. Davis here from 5,821 precincts show for Governors: Davis 138,276; Cole 122,768. Included in these figures are returns from 87 counties. Carroll county is missing. Ten counties are incomplete.

Returns from 4,987 precincts in contest for U. S. Senator on the Democratic ticket give W. A. Julian, of Cincinnati, a lead of 2,555 votes over Judge A. F. O'Neil of Akron. The vote: Julian 60,662; O'Neil 58,107.

Former Governor Willis is leading Walter F. Brown, Toledo, in the same number of precincts by 38,000 votes for the Republican United States senatorial nomination.

Returns from 5,933 precincts for the Republican nomination for United States senator gave: Willis, 121,533; Brown, 83,535; Wanamaker, 48,272; Walcutt, 6,923; Walser, 6,103.

For the Democratic nomination for United States senator, 5,247 precincts gave Judge A. F. O'Neil of Akron 56,931 and A. W. Julian of Cincinnati 56,236, giving O'Neil a lead of 695.

O'Neil's Strength Surprising.

The strength of O'Neil was perhaps the biggest surprise of the primary. While Julian is a new figure in state politics, he had the organization support almost everywhere in the state.

Davis surprised political dopesters by polling a large vote in many rural precincts. Both Davis and Willis jumped into the lead early in their respective races and consistently maintained it. Julian led O'Neil most of the time, but this race was considered so close that an official count may be necessary to determine the winner.

Lieutenant Governor Clarence J. Brown on late returns was maintaining a big lead in the Republican race for lieutenant governor. On the Democratic ticket, State Senator Howell Wright of Cleveland is maintaining a much smaller lead over Earl D. Bloom of Bowling Green. Returns from 4,281 precincts gave Wright 45,729 and Bloom 41,363.

Secretary of State Harvey C. Smith of Zanesville is maintaining a big lead for renomination on the Republican ticket. Returns from 4,401 precincts gave Smith 118,678; Harry C. Smith, Cleveland, 44,544, and C. Q. Hildebrandt of Wilmington 81,569.

William D. Fulton of Newark, former secretary of state, is in the lead for the Democratic nomination for that office. Returns gave Fulton 30,151, Harry A. Bell 21,330, William H. Hoover 26,998 and Guy R. Winegarner 22,256.

Archer Leading Day.

Returns from the secretary of state's office showed Rudolph W. Archer leading Harry S. Day by 7,004 votes for the Republican nomination for state treasurer. Charles B. Orwig had no opposition for the Democratic nomination for treasurer.

Former Attorney General Joseph McGhee is leading David C. Parker for the Democratic nomination for attorney general. Attorney General John G. Price had no opposition for renomination on the Republican ticket.

Returns from 4,575 precincts showed the race for the Republican nomination for state auditor to be very close between Joseph T. Tracy of Portsmouth and Columbus and E. M. Fullington, former state auditor, with Fullington maintaining a slight lead.

On the Democratic ticket Daniel E. Butler of Toledo is leading for the nomination for auditor on returns from 4,068 precincts.

Frank W. Geiger of Springfield is increasing his lead over C. T. Marshall of Zanesville for the Republican nomination for chief justice of the supreme court. On the Democratic ticket Hugh L. Nichols was unopposed for renomination.

Benson W. Hough of Delaware had a big lead over C. Homer Durand, Co. shon, for the Republican nomination for justice of the supreme court for the short term.

## POLAND WILL SEEK CREDIT FROM U. S.; WARNS WHOLE WORLD

Calls Upon World To Save Her From Destruction.

Washington, Aug. 12.—Poland, in an official proclamation issued at Warsaw, has solemnly warned the world that if she is overthrown by the Russian Bolsheviks her fall will be due not only to "overbearing might" but "to the indifference of a world which calls itself democratic."

Full approval of the American government's note to Italy was expressed by Count Lubomirski in a formal statement and he declared that it would "inspire Poland with a new spirit of hope."

"In the note of the American government to the Italian ambassador," said the minister's statement, "the United States points out its view as to the necessity of maintaining an independent Poland while firmly stating its attitude toward the Russian people and Bolshevism. The American government, true to its traditions, which for a hundred years have been those of Poland, has sounded in this critical hour a firm, true declaration for Poland's freedom and independence. And in this the United States government maintains the position toward Poland taken by President Wilson at the peace conference."

Prince Lubomirski added that his country was sorely in need of war materials of all kinds and that it probably would first seek credits from the United States with which to purchase them.

## CHANGES MIND ABOUT DIVORCE

Cleveland, O., Aug. 12.—John Henry decided to divorce his wife Anna. He filed the paper with Clerk William Costello, of the insolvency court, but before they could be served a telephone call to the clerk said:

"Cancel the suit. Everything is lovely."

And Costello called back the bailiff on his way to serve the summons.

## FARMERS' DAY AT BIBLE CONFERENCE IS WELL ATTENDED

The fourth day of the Xenia Bible Conference was occupied by addresses by Doctors Thornton, Palmer and Russell. Dr. Thornton in his series of talks on Bible school messages has won great admiration from his audience this week.

Dr. Palmer's address Wednesday was the first on the four Gospels while Dr. Russell spoke in the evening on Christian Democracy. He will speak Thursday on Mormonism. Congressman S. D. Fess will speak Friday evening.

Rev. John Atchison, who has charge of the Agricultural Extension work in the state of Illinois, was the first speaker at the Farmers' Day session of the Xenia Bible Conference Tuesday, and told of the great organization that is being formed in their state for the protection of the farmer and also the elimination of the middle man, who in many cases is the profiteer.

Prof. Ramsour, of the Ohio State University, discussed "Aspects of Country Life and How to Keep the Young People on the Farm." His solution for this problem is, "make home more attractive."

Mr. Bradfute, of Greene county, spoke enthusiastically of the movements that are on foot whereby the condition of the farmer will be materially improved.

At 2 o'clock Dr. Thornton speaking on the qualification of the teacher, was followed by Dr. Palmer, who closed his discussion of the life of David as reflected in the Psalms. Dr. Atchison then presented the future of the rural church. The praise service at 7 was conducted by Dr. Hutchinson.

## MRS. A. M. HOWE PASSES TO THE BEYOND

Mrs. Florence Louise Howe, wife of Rev. A. McClintock Howe, departed this life at 1:30 a. m. Wednesday morning. Pneumonia was the cause of her death. Mrs. Howe had been an invalid for more than eight years, being unable to leave the house. She was born in Newville, Pa. December 10th, 1872. She was the daughter of John and Frances Laybourne, they as well as two brothers, having preceded her to the beyond. She is survived by her husband Rev. A. M. Howe, and two daughters, Misses Florence P. Howe and Josephine Ellen Howe; two sisters, of Newville, Pa., Miss Menerva B. Laybourne and Miss Grace M. Laybourne. When quite young she was baptized into the fellowship of the Christian church, and remained a devout christian until death. Mrs. Howe was deeply interested in missionary work among the children during her church activities. Miss Menerva B. Laybourne, her sister with the immediate family and a few members of the congregation stood around her bed when the end came. The funeral will take place from the home, 527 East Market street, Friday at 1:30 p. m.

## IS GRADUATED FROM BIBLE INSTITUTE

## WITH THE WOMEN OF TODAY

By Edith Moriarty

Another profession, generally confined to men, has been invaded by a woman. The latest feminine conquest is that of theatrical company management. F. Ray Comstock and Morris Gest both well known producers have announced that henceforth many of their first woman managers.

Miss May Dowling is to be their first woman manager. "Adam and Eva," one of the great comedy successes of last season. She expects to begin her duties by calling the company together for a friendly talk before rehearsals commence.

Comstock and Gest feel that women managers offer many advantages over men managers. They said: "They don't smoke, they don't gamble and they attend strictly to business, in addition to treating the actresses and the chorus girls with the best possible consideration."

### FRANCE WANTS HUSBANDS

France's greatest social problem is not prohibition, but how to find husbands for a surplus of 4,000,000 women with a view to insuring more rapid repopulation of the war stricken areas and the whole future of the country.

When the question of producing more children was first broached the press took it up humorously, but a

study of the government's statistics brought a more serious line of comment and fears were even expressed that France may be unable to recover from this decadence.

### GRLS TO EXPLORE CANADA

Miss Alice E. Wilson, of Ottawa, the first woman ever sent out by the geological department of the Canadian government, is making a 200-mile trip by rowboat down the shores of Lake Winnipeg to collect fossils. She is accompanied by Miss Ruth Anderson, a young school teacher who was graduated last year from Royal Victoria college, Montreal.

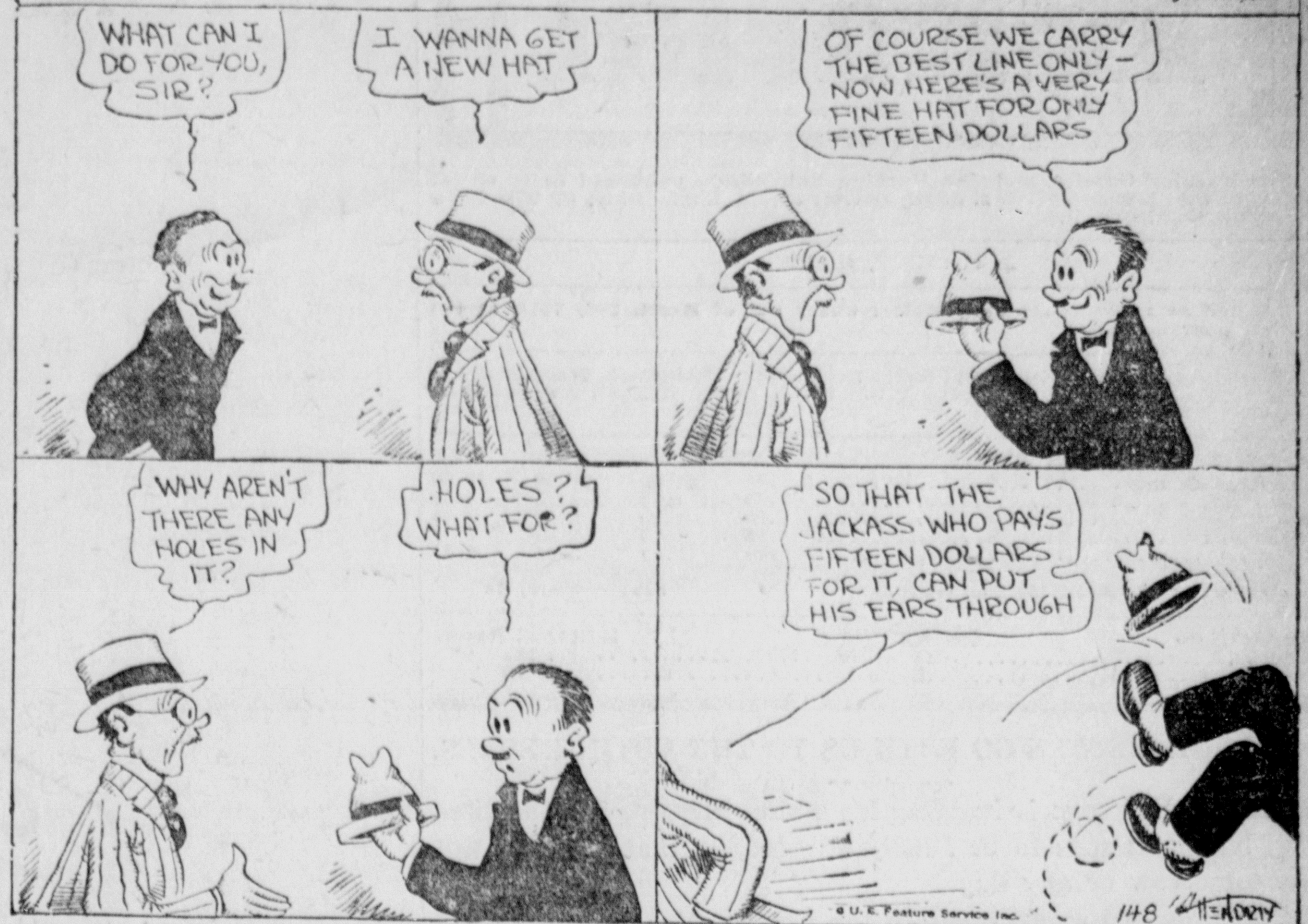

Without any male assistant, without a guide the young women are to spend six weeks exploring the east shore of the lake from Berens river south, a wilderness that few white men have penetrated, making their own camp at night, depending largely upon the fish they catch and the game they shoot for their food supply.

Beside their rowboat, they are taking a tent, camp outfit, provisions, geological tools and fishing tackle. Their armament consists of one rifle and one revolver.

Miss Wilson is a sister of Dr. Norman R. Wilson of the University of Manitoba. She has been connected with the geological department at Ottawa for several years.

## A WONDERFUL HELP

At Two Stages of Life Lydia E. Pinkham's Vegetable Compound Made Mrs. Fairburn Strong And Well.

Chattanooga, Tenn.—"I used Lydia E. Pinkham's Vegetable Compound before my baby came when I could no longer keep up. It strengthened my back and relieved me of the dropsical effect which so often develops at such times. It helped me wonderfully. That was my first experience with the Vegetable Compound. Years afterwards I took it during the Change of Life and got along so well I scarcely ever had to lie down during the day and seldom had dizzy fainting spells. I am now well and strong, can do all my housework with perfect ease and it is a comfort to me to be able to say to other suffering women, 'Take Lydia E. Pinkham's medicine and be strong.' I will be glad to have you use my name if it will be the means of helping any one."

—Mrs. R. A. FAIRBURN, 606 Orchard Knob Avenue, Chattanooga, Tenn. For forty years this famous root and herb medicine has been pre-eminent successful in controlling the diseases of women. Merit alone could have stood this test of time.

## Heart and Home Problems

"Dear Mrs. Thompson: I am a young girl seventeen years old. I am in love with a man eight years my senior. I have been going with him ever since Christmas. He tells me he loves me and wants me to marry him. The trouble is that every Saturday night he has an appointment to see another girl whom he has been going with for over two years. He says he goes with her for reasons which I never knew. In all other ways he is true to me and respectful.

I have had dates with him and broken them and he never seemed to object except he says he is sorry for it. Do you think he really loves me? Shall I continue to go with him if he goes with the other girl on Saturday nights?

IN LOVE.

Indeed you should not marry the man unless he gives up the other woman or gives you an entirely satisfactory explanation regarding his visits to her. It is difficult to believe that he has any reason except that he enjoys her company. It is impossible for me to say whether or not he loves you. I should think he would want your company only if his love were deep enough to warrant marriage.

Dear Mrs. Thompson: What would you think of a girl sixteen years old, nearly seventeen, meeting a young man six years her senior and within two hours going riding with him and also the next day?

And what would you think of her if she would tell this man he could not kiss her for she did not think it was right and then turned around and let him, saying she felt so "helpless" when he would hug and kiss her?

In every mail I get a letter like the above, most of which I ignore because they are minding some one else's business. I often wonder if the person asking the question

would not act in the same way if circumstances furnished the opportunity.

My dear girl, if you make your own conduct above reproach you will have enough to keep you busy without concerning yourself with the affairs of another.

Dear Mrs. Thompson: Last week I asked a friend whom I have been going with for some time to go with a crowd on a straw ride. I did not know then when it would be. Later I told him and asked him if he would go. He replied that he was going with another bunch. Do you not think mine would be considered the first invitation? Have I any cause to be offended?

PEEVED.

If the young man said he would go to the straw ride with you, and then accepted another invitation to the same affair, knowing it was the same, his act was inexcusable. If, however, he is going to another party, it is all right for him to do so because your date was indefinite.

Dear Mrs. Thompson: I am a widow and a man came to see me, winning my confidence, love and devotion. Then he told me he never could marry. Now he is preparing to marry a girl much younger than he and bring her here to this town to live. What should be my attitude towards him? Should I pass him without speaking and treat him as he deserves or should I act as though I did not care when in reality my heart is about to break?

My life has been full of sorrow and I do try to forget, but now this added to the rest is hard indeed. Please help me. LONESOME.

The brave thing for you to do is to speak and act as if you didn't care. He did not play fair and in reality it is a blessing that you did not marry such a man.

## BUSINESS MUST ADJUST

All other businesses must adjust themselves to the varying conditions. Is there any reason why a Building and Loan Company should fix an arbitrary method and stick to it?

That question more than two years ago led the Columbian Building and Loan Company to adopt a flexible basis. Its business depends primarily upon the money deposited with it for investment. When money earns more than the building and loan companies pay, deposits are withdrawn, loans must be refused and home owning becomes more difficult.

### DIFFICULTY AVOIDED

But with our flexible plan that difficulty cannot arise. When the rate of interest should be 7% on mortgage loans, our plan permits us to collect it. Then we pay depositors 6% on their certificates.

Thus we keep and attract money for building purposes, while at the same time we increase the volume of our business.

### EXPERIENCE PROVES IT

Nearly thirty years' experience has shown us we can operate and accumulate a good surplus on the one per cent difference. Why, then, should we be bound by tradition, see our depositors dissatisfied and cripple our usefulness to the community by paying depositors less than their money is really worth?

Isn't it better for all, and isn't the money safer, when we raise the interest rate on loans in order to raise the interest rate on deposits?

Don't let your sweaters shrink or stretch

YOU can wash your sweaters yourself so that they look like new! The expensive sweater with angora collar and cuffs! The dear little sleeveless slip-on that you knit yourself! Keep them fluffy and new-looking. Wash them in soft Lux suds.

Rubbing soap on woollens and twisting them make them thicken and shrink. Your good-looking sweater suddenly grows far too large and stringy—or ridiculously tight and harsh! But there is no rubbing with Lux. Souse the rich foamy lather gently through and through. Your sweater comes out soft and shapely—the way you bought it.

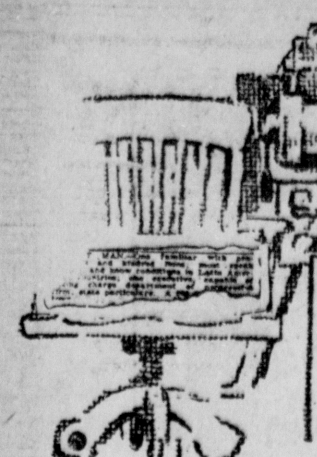

Your grocer, druggist or department store has Lux.—Lever Brothers Co., Cambridge, Mass.

There's nothing like Lux for keeping sweaters new.

To wash your sweater Use two tablespoonfuls of Lux to a gallon of water. Whisk to a lather in hot water. Add cold water till lukewarm. Swish sweater about. Press suds through—do not rub. Rinse in three lukewarm waters. Squeeze water out, do not wring. Spread on a towel to dry in shade.

D. W. GRIFFITH PRESENTS

"SCARLET DAYS"

A tale of the Olden West. Scenario by S. E. V. Taylor. Photographed by G. W. Bitzer. Personally directed by D. W. Griffith. The trail, the strife, the dance hall glare. The blood of youth adventuring. And through it all—a soul, as only Griffith can paint it on the screen. Presented by a great cast, including Richard Barthelmess, Clarine Seymour, Carol Demster and Ralph Graves. A flaming epic of love and life in the days when the West was young!

Let Us Send a Pathephone to Your Home on Trial

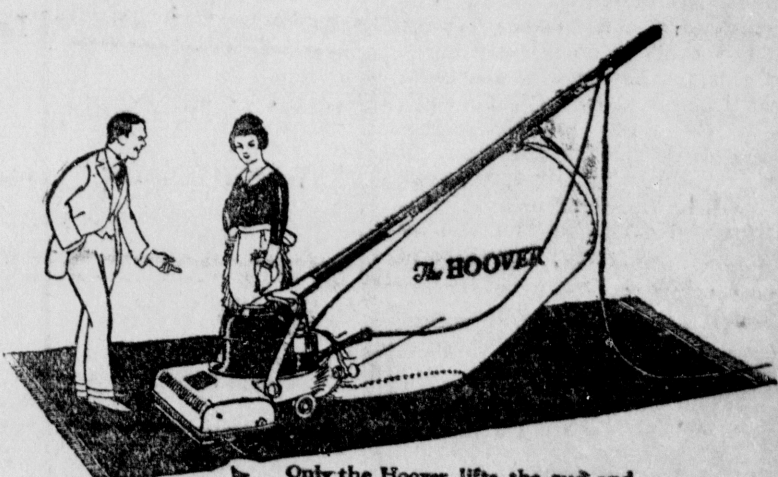

WE want you to come and hear the Pathephone play some of the latest Pathe Discs or your favorite opera selection. If not convenient for you to call—simply phone us and we will send a Pathephone and records to your home on trial. We want you to know all about:

- The Pathe Sapphire Ball instead of sharp metal needles that wear and rip the record. No needles to change.
- The Pathe All-Wood Sound Chamber built on the Victor Principle.
- The Tone Control Device to Regulate Volume of Sound.
- The loud and half tone Supraphone.
- The Beauty of Pathe Cabinet Design.
- The Vast Library of Pathe double-faced no-wear Discs.
- The Great Artists who record for the Pathe.

Pathephones at \$25 and up are equipped to play all makes of disc records perfectly. You can equip your present phonograph to play Pathe Discs or you can exchange it for a Pathephone. Attractive terms for payments.
